

Amendment under 37 C.F.R. §1.312  
Application No. 10/531,428  
Attorney Docket No. 052412

**REMARKS**

Applicants note that that in the Issue Fee Transmittal the USPTO lists the title of the invention as “Step Processing Constitution Building/Management Device In A Factory Production Step” instead of “Generation/Management Apparatus Of Production Processing Structure In Factory Production Management System”. It appears that the title of “Step Processing Constitution Building/Management Device In A Factory Production Step” was taken from the International Publication. Applicants respectfully submit that the title be amended to “Generation/Management Apparatus Of Production Processing Structure In Factory Production Management System”, as it has been noted throughout the prosecution history.

As indicated above, this is an Amendment after Notice of Allowance under 37 C.F.R. 1.312 and MPEP §714.16. No new matter has been added.

This amendment, in accordance with MPEP §714.16: (1) is needed for proper disclosure or protection of the applicants' invention, and (2) requires no substantial amount of additional work on the part of the Patent Office.
